After the initial term period, the certificate may be continued at annual renewable rates to age 100, without providing evidence of insurability. Riders are not renewable at the end of the initial term period.

Convertibility

As a contractual right, the owner can convert the base face amount to a new permanent life insurance certificate during the conversion period without having to provide evidence of insurability. Partial conversions are allowed. Riders cannot be converted (subject to the terms and conditions of the contract). Conversion can be to any permanent product made available and underwritten by The Independent Order of Foresters. The new certificate, including premiums, will be based on the insured's age at time of issue.

Conversion Period

Prior to the earlier of:

- The end of the initial term period less five (5) years, or
- The certificate anniversary on which the insured is age 65.

Charity Benefit Provision

The Charity Benefit provision is a contractual provision that is automatically included at no additional premium.

When a claim is paid to the beneficiaries, Foresters will pay (up to a maximum of \$100,000) an additional 1% of the face amount to an accredited nonprofit organization as designated by the owner. The designated charitable organization must be an accredited 501(c)(3) organization under the Internal Revenue Code and eligible to receive charitable contributions as defined in section 170(c) of that code. The payment is made as a donation in the name of the insured. The payment is over and above the face amount; there is no decrease in the payment to the beneficiary(ies).

The owner designates the charity at the time of application but can change the designation while the coverage is in force. If no beneficiary is designated, then the benefit will not be paid. The donation is generally tax free and does not need to be included as part of the insured's estate. The donation may be eligible for a charitable tax deduction from the charity.

Expiry Date

Certificate expiry date is the certificate anniversary on which the insured is age 100.

Note: The certificate may end before the certificate expiry date.

Unless otherwise specified, riders require additional premium. Riders are subject to state variations and approvals for no additional premium (cost is included in basic certificate premium).
